

12 June 2023

Dear Parent/Carer,

Year 11 - final examinations and reminder of leavers' arrangements

I would like to take this opportunity to thank you for your continued support, not only throughout the GCSE examinations, but throughout your child's journey with us at Outwood Academy Normanby. Our Year 11 students have demonstrated great resilience and dedication in their final weeks at school and we are incredibly proud of them. Students in the year group have approached their work with excellent focus and I have no doubt that the support and encouragement from their families has made all the difference.

Most students will complete their studies with us on Friday 16 June at 10:30am, after the final Physics exam. Students who study Geography and/ or Design and Technology are required to remain in the academy for their exam masterclass at 11am. The final Geography examination will begin at 1pm on Friday 16 June.

Students studying either Design and Technology or Hospitality and Catering will need to attend the academy the following week for their final masterclass and examination:

- Students who study Design and Technology will need to attend revision breakfast at 7.30am on Monday 19 June, in preparation for their 8:45am exam.
- Students who study Hospitality and Catering will need to attend the academy on Tuesday 20 June 11am - 1.30pm for their masterclass, and 7.30am on Wednesday 21 June for their exam.

Leavers' Brunch will take place on Wednesday 21 June at 11am. Mrs Murphy sent a letter out earlier this week detailing the arrangements for this leavers' celebration, as well as prom. You can find the information here <https://www.normanby.outwood.com/posts/6417>. Details of the arrangements for results day, Thursday 24 August, will be shared in the coming weeks.

If you have any questions, please do not hesitate to contact me on c.gibson@normanby.outwood.com.

Yours faithfully

Miss Christy Gibson
Assistant Principal
